Because of her unselfish and untiring devotion to duty, her loyalty to Trevecca and its ideals, her interest in the welfare of each student, because she so well exemplifies the spirit and character of the true Christian by her humble life in the service of her Master the nineteen forty-nine DARDA is dedicated with love and appreciation of the student body and faculty to MISS AMY L. REV. H. H. WISE

In Memoriam

Rev. H. H. Wise, friend of Trevecca for thirty-eight years, laid down his cross on August 21, 1948. For twenty-five years he taught at Trevecca, slipping unobtrusively in and out. No man wasted less time than Brother Wise. There were so many interests requiring attention—needy families to look after, prisoners in the jail needing a friend, unhappy backsliders wanting prayer, sick members to be visited,—one man could not do it all. He literally wore himself out serving humanity. A modest, quiet, unassuming man, he was loved by those he served and respected by the world at large.

Servant of God, well done! . .

Thy glorious warfare's past.

The battle's fought, the victory won,

And thou art crowned at last.

O U R . . . P R E S I D E N T *Says*

Education is a factor of wealth. Dr. P. P. Claxton would say that it is one of the three factors of wealth, the other two factors being native ability and natural resources. Education is the only one of the three which can be increased by the efforts of man. Solomon asked God for wisdom and knowledge and the Lord gave him knowledge according to his request, but in addition he gave him honor and wealth. The story of Solomon has been repeated in every instance in which the individual asked God for wisdom and knowledge. It is true today that students of Trevecca College who ask for wisdom and knowledge and fail to ask for honor and wealth will receive both wealth and honor as a bonus.

Education that does not take God into account is not a producer of permanent wealth. A nation or people may become strong and wealthy and remain so for a while, but the Bible says, "Blessed is that nation whose God is the Lord". Therefore, we must have Christian education to both produce and preserve the wealth of the world.

There is a type of wealth that does not consist of silver or gold. It is a spiritual wealth, and that wealth is produced probably by three factors to be found in the spiritual world. Native ability in the physical world has oftentimes been described "as what we are born with" therefore, native ability in the spiritual world is what God gives us in the second birth. Also, if the natural resources in the physical world are the things of which we manufacture our food and clothing, it is appropriate to say that the supernatural resources in the spiritual world are the things out of which we feed and clothe the soul. The Word of God

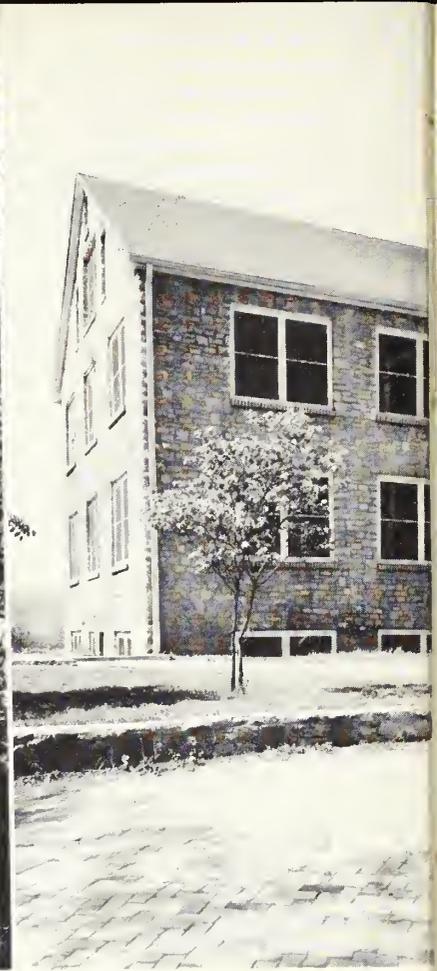

is the bread of life and we may have a robe made of righteousness—not self-righteousness, because self-righteousness is like filthy rags. It is the righteousness of God that properly clothes the soul. Again, neither of these two factors in the spiritual world can be produced—they are what God endows us with. Therefore, education as a factor of spiritual wealth is the only factor that can be increased.

One of the major things in education is study, and the Bible says "Study to show thyself approved unto God a workman that needeth not to be ashamed, rightly dividing the word of truth." If education is so important, both in the physical and spiritual world, why are we not more interested in the promotion of education? The United States of America spends nearly twice as much for whiskey as education. The Church of the Nazarene in the Southeast is spending about one dollar out of one-hundred dollars on Trevecca College. One of the reasons that we do not have a greater interest in education is that we do not know the value of it.

So, let's make a part of our educational program the study of the value of education. Back of all the medical science of today are the college laboratories of yesterday. Back of the church of today are the Christian students in the colleges of yesterday. Moses was trained in all the wisdom of Egypt; Daniel went to the University of Babylon; Paul sat at the feet of Gamaliel; Martin Luther went to the University of Wittenberg; John Wesley was an Oxford student. I trust that we will invest more than ever before in Christian education.

In 1938, Trevecca Nazarene College occupied three buildings, rent-free for improvements, on rented land. These were the present McKay and Hardy Halls and the ante-bellum structure, used as the Administration Building, which was destroyed by fire in 1943.

Now we have on a campus practically debt-free a total of twelve buildings, including three new major ones here pictured: McClurkan Memorial Hall, the Administration Building and the new men's dormitory, yet unnamed. The plant improvements of ten years speak eloquently of progress in the triumphant march of T.N.C. in the course of right and righteousness.

FRIENDSHIPS

True friendships form through patient growth, and the college **years** (more than **days**, one should note) are the time when the firmest, most enduring friendships start.

Friendships are nurtured off-times on the shocks of adversity. Yet they persevere in constant steadfastness "without either flower or veil." Nature and religion are their binding cords; nobility and unflinching fair-dealing are the atmosphere in which they grow.

AT TREVECCA are found those shocks and cords and stimuli wherein friend may beget friend.

1948-49 marks the passing of a cultural milestone in the advance of T.N.C. To the faculty were added this year two speech instructors, and teachers of voice and both woodwind and brass instruments. Of especial interest is the enlargement and organization of the orchestra and band under the able direction of Prof. William H. Howick.

The fine arts—these tokens of man's relation to God—afford the media for speaking truth, the mouthpieces for uttering wisdom. They are and must remain a fountain at which we shall drink deeply.

RELIGIOUS .. LIFE

This is our *raison d'etre*—our reason for existence. This is the transforming leaven that gives unity to all of our endeavors and purpose to all our activities. Without it, education and all the efforts of college life would lack the cement which holds them together in harmony and logical order. This is no exterior appendage, no cloak to draw at convenience around the surface of our lives, no restraining shackle to bind youth away from pleasures. It is the tie of our lives to a better eternity. It is RELIGION.

● **BROCK SPEER.** Brock is a man of many talents. Every week day morning we waken to hear him announcing for the "Speer Family" over station W.S.I.X. He married a talented young lady—Faye Ihrig. With his determination a fruitful harvest will be the natural consequence.

● **JOYCE STOCKS.** Behind Joyce's winning smile, one finds her to be conscientious witty, and the possessor of an attractive personality. Characterized by a helping spirit and a genuine friendliness, a capable preacher's wife. May success be yours, Joyce and M. H.

JUNIORS

● **FRANK TUGGLE.** Frank is a friend in need and deed, mannerly, attentive, and sincere. President of Ministerial Association. A full-hearted smile. Knowing, teacher, but best living

his Bible—may the Master abundantly bless you and Ruby.

● **LUNDY THOMPSON.** One who possesses a quiet and gentle spirit. We admire his "Stick-to-it-ive-ness." With his good nature and perseverance he will succeed in his chosen field. Our wishes for Godspeed go with him.

● **WALTER THOMPSON.** His Christian life filled with love has been an inspiration and blessing to many. He appears to be deeply sincere. May Christ's blessings be upon you and your family as you serve Him in the ministry.

This year, for the first time, Trevecca Nazarene College has been invited to nominate students for listing in this widely-known annual publication. In the **WHO'S**

In this initial entry for our College, recognition goes to three students of exception talents, character, and achievements. They constitute the advance guard of what should swell into an impressive array of Trevecca student leadership during the years which lie ahead.

The Ministerial Association is an organization composed of students ministers, missionaries, song evangelists, teachers and all those preparing for definite Christian work, along with the ministerial members of the faculty. The duty of this group is to help promote spirituality in the college and assist in and hold services outside the school. There are a number of student pastorates within the college zone. Many students hold week-end meetings as the evangelist or song evangelist.

One week of each quarter the Ministerial Association furnishes chapel speakers from its number.

The Christian Workers' Association is composed of every student on the campus who wishes to take part in Christian work. These students engage weekly in services at the hospitals, jails, workhouses, juvenile courts, and on the streets of downtown Nashville; also the homes of those who need help are visited regularly. This work is widely known about the city. It affords wonderful experience for those who take part, and gives opportunity to proclaim salvation to those who are in darkness.

In 1940, members of the faculties of the six Nazarene colleges in the United States organized at Oklahoma City, Oklahoma a national scholastic honor society. The Zeta Chapter of this society, which became known as Phi Delta Lambda, was immediately organized at Trevecca Nazarene College.

Growing out of Phi Delta Lambda, an organiza-

tion for college graduates only, there have developed, in addition, undergraduate societies based on year-by-year scholarship. Hence, at Trevecca we maintain, under the sponsorship of the Zeta Chapter, the Trevecca College Honor Society and the Trevecca High School Honor Society. Scholarship requirements for membership in these societies include a standing of 2.5 quality points for one year's school work.

The Chorus includes both boys and girls who are interested in singing to promote the Kingdom of God. They meet once a week to practice until they are able to sing at any occasion, recitals, special programs, churches in the city, or chapel. The A Cappella Choir includes only the select

singers. This Choir has proved its value many times in the various programs in which it has been used. Prof. Irwin is the Director and has done well in the choice of singers and the work done. We are glad that the A Cappella Choir was organized.

A church for all the people,
Who love the old time way,
Who long for Bible preaching,
Where saints get blessed and pray.

A church where none are strangers,
Where all are made to feel
A welcome true, where fellowship,
For young and old is real.
